

EMERALD COAST UTILITIES AUTHORITY
RFP NUMBER: 2014 03
EMPLOYEE BENEFITS AND INSURANCE
CONSULTANT SERVICES

February 14, 2014

ADDENDUM NUMBER 2

Prospective Proposers:

This addendum is to answer questions that have arisen concerning the execution of the submittal of this RFP. Please note the following responses:

1. Question: Is the ECUA required to have RFP's every year or is there a timeframe?

This response is limited to requests for proposals regarding employee benefits and insurance only. In managing and administering benefits, we recognize it is best practice to review markets every few years. However, a request for proposals may be issued as needed, or directed, to meet operational objectives.

2. Question: Is the ECUA satisfied with the services from their current Consultant?

We do not currently have a contract with a consultant for employee benefits and Insurance consultation.

3. Question: Who is the current Consultant and how long has the current Consultant been retained by ECUA?

This is not applicable.

If you have any questions, please call my office at 850-969-6531, or email Amy Williamson at amy.williamson@ecua.fl.gov.

Regards,

Peter Wilkinson
Purchasing and Stores Manager
