Sealed bids for Bid 2014 04, Transmission Main Interruption Plan Components, will be received by the Emerald Coast Utilities Authority Purchasing and Stores Manager, 9255 Sturdevant Street, Ellyson Industrial Park, Pensacola, FL 32514, until 2:00 p.m., local time, June 17, 2014, at which time bids submitted will be publicly opened and read.

It is the intent of ECUA to purchase and store the items listed below for future emergency repairs on large transmission mains. All the pipe and fittings shall be ductile iron internally and externally coated. *For sizes 16", 20", 24", 30", 36", 42", 48", and 54", provide **two** \*18' or 20' bell x spigot pipes, **four** 90 degree bends, **four** 45 degree bends, **two** solid sleeves, **one** split sleeve (2 piece type), **eight** restrainer gland accessory kits (includes gland, gasket, bolts, etc.), **two** repair clamps, and **one** bell joint clamp.* Allowable/acceptable manufacturers for providing the materials outlined above include: American Cast Iron Pipe Company (ACIPCO), CLOW, and U.S. Pipe. Proposal Form provided to be completed showing interior coating with Permax-CTF Ceramic Epoxy as base bid and Ceramapure PL90 Ceramic Epoxy (based on manufacturer recommended limits) as alternate bid.

\*For bid analyses purposes and since pipe is normally sold by weight, pricing for 18' standard pipe length will be multiplied by 20/18 (or 1.11) for comparison purposes with the 20' standard pipe length option.

Specifications and information may be examined and obtained from the ECUA Purchasing and Stores Manager (850-969-3350) or via email at [amy.williamson@ecua.fl.gov](mailto:amy.williamson@ecua.fl.gov) or on the web at [www.ecua.fl.gov](http://www.ecua.fl.gov). Bids received after 2:00 p.m., local time, June 17, 2014, will be returned unopened. ECUA reserves the right to reject any or all bids and re-advertise.
