

EMERALD COAST UTILITIES AUTHORITY
BID 2015 08

RFQ Mixed Waste Processing Facility & Recycling Services
Including Design, Construction & Operations of Facility

December 4, 2014

ADDENDUM NUMBER 3

Prospective Bidders:

This addendum is issued to answer the following questions that were received regarding the specifications in the bid package:

1. Due to the short response period, and the complexity of the submission, we would kindly like to request an extension of 4 weeks.

We have prepared this letter to ask for ECUA's consideration to extend the deadline for the submittal.

Response: Escambia County and the ECUA have received several requests to extend the MWPF RFQ submittal deadline beyond December 18, 2014. At this time, Escambia County and the ECUA have determined the deadline will not be extended. Escambia County and the ECUA reminds prospective respondents that the RFQ submittal on December 18, 2014 only requires the information regarding the company/team, its qualifications and experience, and its financial capability, as detailed in sections 4.3.2 through 4.3.6 and the forms included in Appendix A. No pricing, site selection or terms are required by December 18, 2014. That information will be negotiated with any respondents that are selected for the shortlist by the Joint Committee.

2. Can I get CAD backgrounds for the various sites? That would help a great deal. If possible, please include the various layers with utilities, topographical information, and any soil boring data.

Response: Escambia County and the ECUA are putting together the information available from both entities and will release the information in a future addendum.

3. Is the 10am on Monday the definite and only time for the visit?

Response: We would prefer to keep the date and time for the site visit as originally scheduled.

If you have any other questions, please email me at amy.williamson@ecua.fl.gov.

Regards,

Amy Williamson, CPPB, FCCM
