

EMERALD COAST UTILITIES AUTHORITY  
BID CC2015 04

Odor Control Piping

December 8, 2014

ADDENDUM NUMBER 3

Prospective Bidders:

This addendum is issued for clarification purposes.

1. There is a control panel located where the plans indicate the Blower Unit to be. Is this CP going to remain? Where does the Blower Unit locate in relation to this CP? There are also Drains located here that are no indicated on the drawings. How will they be affected?

Response: The plans show the blower as by others.....that includes installation. There should not be any work performed in or around the blower, the concrete pad or next to the control panel. The scope of work ends at the west edge of trench. See the attached sketch.

If you have any other questions, please email me at [amy.williamson@ecua.fl.gov](mailto:amy.williamson@ecua.fl.gov).
