

SCADA MASTER PLAN AND IMPLEMENTATION

ECUA RFQ NO. 2017-01

Supervisory Control and Data Acquisition

(SCADA) Master Plan and Implementation

(October 20, 2016)

ADDENDUM NO. 1

This addendum forms a part of the RFQ Documents and clarifies the original RFQ Description, dated October, 2016, as noted below. This addendum consists of One (1) page.

GENERAL:

Due to significant interest in site visits, a walkthrough of the ECUA water and wastewater SCADA control rooms will be available to all potential respondents on November 1st, at 2:00 pm. Contact Daniel.Corliss@ecua.fl.gov by November 1st at 1:00 p.m. to indicate intent to attend.

ECUA would like to clarify that radio path studies have already been performed for existing facilities. Therefore, the requested listing of any Radio Testing Services subconsultants/subcontractors in a lead role under Section III of the RFQ would be for new or relocated facilities proposed by the master plan effort.
