ECUA customers now have the option of paying their bills by phone or via the internet. For a minimal charge, this new option is a service and a convenience that allows customers to pay their bill by either check, credit card, or debit card with a Visa or Mastercard logo. It's easy and convenient! For participants, there are no more checks to write, no envelopes to mail, and no postage to pay!

The Pre-Authorized Checking (PAC) Program is a method which allows for the automatic transfer of funds from your bank account to pay your bill. As an Emerald Coast Utilities Authority customer, you are invited to use our PAC program for making your payments the easy, hassle-free way.

Just complete the authorization agreement (a copy is available for download on the ECUA website at http://www.ecua.fl.gov/pay_bill, or from our Ellyson Customer Service office), attach a voided check, and return it with your next payment or deliver it to our Customer Service location. Your PAC account will be set up and you will begin to enjoy the convenience of Pre-Authorized Checking. Of course, information about your bill will still be mailed to you, and your account will not be drafted until the PAC date shown on your bill. It doesn't get any easier than this!

Did You Know ?

Now that summer is in full swing, many of us are firing up the sprinkler systems or pulling out the water hose. Landscaping experts often provide recommendations on watering levels in terms of inches, but the question is: how to determine how long it takes to apply an inch of water to your lawn? Well here's the answer!

Simply set empty cans out in several places your yard. Tuna cans are ideal for this because they have a wide opening and are relatively shallow. Then, just time how long it takes your sprinkler to fill them up to one inch. It's that easy!
