

**CERTIFICATION THAT AUXILIARY WATER SUPPLY IS NOT CONNECTED TO THE HOUSE PLUMBING
PROPERTY OWNER WHO OBTAINED THE PROPERTY WITH AN EXISTING AUXILIARY WATER SUPPLY**

Certification by Licensed Plumber:

I hereby certify the following:

- I am a licensed plumber in Florida. My plumber’s license number is: _____.
- I have conducted a thorough inspection of the auxiliary water system on the property located at _____ (property address). Based on my inspection, I have concluded and hereby warrant that there are no connections, directly or indirectly, between the auxiliary water system and the residential plumbing system. There are also no by-pass arrangements, jumper connections, removable sections, swivel or changeable devices, and other temporary or permanent devices through which or because of which backflow could occur between those systems.
- I understand that both the Emerald Coast Utilities Authority (ECUA) and the Florida Department of Environmental Protection (FDEP) may rely on these representations and authorize them to do so.

Signature: _____ Date: _____

Certification by property owner:

I, _____, am the owner of the residential property located at _____, in _____, Florida.

I have a well on that property (hereinafter “auxiliary water system”).

I hereby certify the following:

- I know of no connections between my auxiliary water system and my residential plumbing system.
- I retained _____, who is a licensed plumber in the State of Florida, to inspect the above-referenced property to ensure that no connection exists between the auxiliary water system and the residential plumbing system.
- I have no intention of connecting the auxiliary water system to the residential plumbing system.
- In the event any connection is developed between the auxiliary water system and the residential plumbing system, I will install the required backflow protection on my service line in accordance with Section 5-7.D of ECUA’s Cross Connection Control requirements.

- I will inform a subsequent purchaser/owner that backflow protection must be installed in the event any connection is established between the Auxiliary water system and the residential plumbing system.
- I understand that I am required to provide ECUA with a new certification stating that the above conditions remain true every five (5) years or as otherwise required by ECUA, if I want my auxiliary water system to remain exempt from the backflow protection requirements.

Signature: _____ Date: _____

STATE: _____

COUNTY: _____

The foregoing instrument was acknowledged before me this ___ day of _____, 20___, by _____, who is personally known to me or who did produce _____ as identification.
